WHAT WE DO

The New Folkestone Society exists to foster an awareness of our local environment and amenities and to encourage their conservation and enhancement. It is a non-political organisation with membership open to everyone who shares our desire to make Folkestone a more attractive town in which to live and work. We offer a range of activities – talks, lectures, social events and excursions, as well as the occasional practical project. From time to time reports are produced highlighting topics of local concern.
